- a) role-playing game
- b) emotional-personal communication with adults
- c) study
- d) work

**10. New formation junior school age is:**

- a) reflection
- b) self-control, arbitrariness
- c) internal plan of action
- d) All the answers are correct

**11. Puberty period - this:**

- a) period sexually maturation
- b) age crisis
- c) period development cognitive processes
- d) growth spurt.

**12. To the presenter view activities V youthful age is -**

- a) intimate-personal communication with peers.
- b) play activities
- c) educational professional activity
- d) work.

**13. Social and psychological phenomenon - this**

- a) recurring socio-psychological phenomenon;
- b) a single socio-psychological phenomenon;
- c) phenomenon, revealing myself non-standard socio-psychological conditions;
- d) a phenomenon that has a scientific basis.

**14. Communicative barrier - this ...**

- a) collision opposite opinions;
- b) a complex, multifaceted process of establishing and developing contacts between people;
- c) process, including to myself production united strategies interactions, perception And understanding other human;

d) psychological let on paths adequate transmissions information between communication partners.

**15. Side communication, related with organization interactions is designated as**

- a) communication;
- b) perception;
- c) interaction;
- d) interdiction.

**16. The psychological process that includes the perception of a person's external characteristics, their correlation with his personal characteristics, interpretation and prediction of a person's actions on this basis, is designated as**

- a) causal attribution;
- b) interaction;
- c) social perception;
- d) communication.

**17. The dissemination of information in society through filters of trust/distrust is an effect**

- a) disinformation;
- b) fascination;
- c) facilitation;
- d) interaction.

**18. Region research, engaged study normal spatial and temporary organization of communication.**

- a) kinesics;
- b) takeshika;
- c) proxemics;
- d) prosody.

**19. Mechanism, by eans of whom group controls compliance members of a group of group norms is called:**

- a) group pressure;
- b) group opinion;
- c) group expectation;
- d) group sanctions.

**20. Group cohesion is expressed ...**

- a) execution functions, which endowed with members groups;
- b) the nature of group communications;
- c) aspiration members groups to cooperation And preservation groups at decision group tasks;
- d) in coincidence interests.

**21. One from indicators social status human is:**

- a) natural deposits;
- b) political beliefs;
- c) religious views;
- d) view professional activities.

**22. IN social psychology socialization is understood as:**

- a) effect social development human;
