III. EVALUATION MATERIALS FOR CONDUCTING CURRENT AND INTERIM CERTIFICATION OF STUDENTS IN THE DISCIPLINE

Current certification is being carried out V form control works, test, abstracts, etc.

Standard version of the test

1. The subject of psychology is the study of... a)

entities And regularities development psyche, b)

consciousness and the unconscious,

c) human activity, d) mental

states.

2. Appearance behaviorism marked selection subject psychology ...

a) behavior,

b) unconscious, c)

consciousness,

G) soul.

3. Mental process, representing by yourself mental reflection individual properties and states of the external environment by the subject - this is

a) sensation, b)

perception, c)

thinking, d)

attention.

4. TO types attention can be attributed

- A) proprioceptive b) emotional
- V) spaces
- G) post-arbitrary

5. TO properties perceptions Can take away...

- A) distribution b) constancy c) adaptation
- d) threshold

6. Select from proposed concepts That, which uses J. Piaget V his theories of cognitive development:

- A) identification b) sublimation
- V) accommodation
- c) projection.

7. In infancy, the leading activity is:

- A) Receiving information about surrounding world b) Exercise of motor functions
- V) Directly emotional communication with adults d) Object-manipulative activity

8. One from symptoms crisis 3-x years is...

- A) negativism
- b) dualism
- V) projection
- G) revival child

9. Leading activities V preschool age is...

- A) role-playing game
- b) emotional-personal communication with adults c) study
- G) work

10. New formation junior school age is:

- A) reflection
- b) self-control, arbitrariness c) internal plan of action
- G) All the answers are correct

11. Puberty period - This:

- A) period sexually maturation b) age crisis
- V) period development cognitive processes d) growth spurt.

12. To the presenter view activities V youthful age is -

- A) intimate-personal communication with peers. b)
- play activities
- V) educational professional activity d) work.

13. Social and psychological phenomenon - This

- A) recurring socio-psychological phenomenon; b) a single socio-psychological phenomenon;
- V) phenomenon, revealing myself V non-standard socio-psychological conditions; d) a phenomenon that has a scientific basis.

14. Communicative barrier - This ...

- A) collision opposite opinions;
- b) a complex, multifaceted process of establishing and developing contacts between people; V)
- process, including V myself production united strategies interactions, perception And understanding other human;
- G) psychological let on paths adequate transmissions information between communication partners.

15. Side communication, related With organization interactions is designated as

- A) communication;
- b) perception;
- c) interaction; d)
- interdiction.

16. The psychological process that includes the perception of a person's external characteristics, their correlation with his personal characteristics, interpretation and prediction of a person's actions on this basis, is designated as

- A) causal attribution; b)
- interaction;
- V) social perception; c)
- communication.

17. The dissemination of information in society through filters of trust/distrust is an effect

- A) disinformation; b)
- fascination;
- V) facilitation; c)
- interaction.

18. Region research, engaged study normal spatial and temporary organization of communication.

- A) kinesics; b)
- takeshika;
- V) proxemics;
- d) prosody.

19. Mechanism, by means of whom group controls compliance members of a group of group norms is called: a) group pressure; b) group opinion; V) group expectation; c) group sanctions.

20. Group cohesion is expressed ...

- A) V execution functions, which endowed with members groups; b)

the nature of group communications;
V) V aspiration members groups To cooperation And preservation groups at decision group tasks;
G) in coincidence interests.

21. One from indicators social status human is:

- a) natural deposits;
- b) political beliefs; c) religious views;
- G) view professional activities.

22. IN social psychology socialization is understood as:

- A) effect social development human;
- b) process inclusions individual V social relations; c) a complex process that occurs spontaneously;
- G) process initiation To culture.

23. Into the structure pedagogical psychology NOT enters

- a) psychology of learning;
- b) psychology education; c) teacher psychology;
- G) didactics.

24. Teaching V domestic science D.B. Elkonin And V.V. Davydov interpreted as...

- A) acquisition knowledge, skills And skills
- b) assimilation knowledge on basis committed subject actions c) a specific type of educational activity
- d) type activities.

25. Subject pedagogical activities is....

- A) teacher,
- b) student,
- V) pupil, d) textbook.

26. Subject pedagogical activities works for the sake of achievements goals

- a) "for students And then for myself",
- b) "For myself for the sake of achievements common goals", c) "to achieve a common goal",
- d) "to educate any "by way."

27. The ability to convey educational material to students, making it accessible to children, to present the material or problem to them clearly and understandably, to arouse interest in the subject, to excite active independent thought in students - this is...

- A) didactic abilities, b) academic abilities, c) perceptual abilities,
- d) speech abilities.

28. If a teacher views a student as an object of pedagogical influence, and not as an equal partner, then this is...

- A) authoritarian style,
- b) democratic style, c)
- liberal style,
- G) absence style.

29. A unique fusion of the personal culture, knowledge and outlook of a teacher, his comprehensive theoretical training with perfect mastery of teaching and upbringing techniques, pedagogical techniques and advanced experience is...

- a) pedagogical skills, b) academic abilities, c) perceptual abilities,
- d) speech abilities.

30. One from main indicators readiness To teaching, to development knowledge spontaneously or purposefully in the context of a specific educational system is ...

- a) learning ability,
- b) training,
- c) learning,
- G) teaching.

31. TO main characteristics educational activities NOT refers to...

- a) it is specifically aimed at mastering the educational material, b) in her are being mastered general methods actions and scientific concepts, c) leads to changes in the "subject" itself,
- G) is happening active perception surrounding reality.

32. TO factors that determine educational motivation refers to...

- A) ecological situation,
- b) organization educational process, c) the teacher's style of clothing,
- G) territorial location educational organizations.

33. First stages manifestations self-control in relation to To assimilation the material appears...

- A) V absence any self-control, b) in complete self-control,
- c) selective self-control,
- d) self-control on basis past experience.

34. First stage assimilation is...

- a) familiarization,
- b) comprehension,
- c) memorization,
- G) application on practice.

35. From fundamental thesis L.S. Vygotsky follows, What ...

- a) learning, ahead of development, stimulates it, b) development, ahead education, stimulates his, c) training and development go in parallel,
- G) education And development not related.

36. If difficulties in teaching activities are caused by a number of underlying reasons: family upbringing, position in the community, role attributes, status of the institution, educational system, region, city, etc. - this is...

- A) ethno-sociocultural region difficulties,
- b) status-positional-role region difficulties, c) age range of difficulties,
- G) professional region.

37. Feedback connection, necessary to the student How information about efficiency his works are...

- a) assessment,
- b) mark, c) motive, d) purpose.

Approximate subject matter abstracts

1. Systemic approach To psychology.
2. The relationship between methodology, methods and techniques of psychological and pedagogical research.
3. Features of the application of general scientific methods in psychological and pedagogical research.
4. Comparative analysis of quantitative and qualitative research methods.
5. Formative experiment as one of the main methods of educational psychology.
6. Application method conversations V studying personalities student.
7. Problem validity psychological and pedagogical research.

10. Main stages psychological and pedagogical research.
11. Multifactorial multilevel experimental psychological and pedagogical research.
12. Main stages development psyche at animals.
13. Comparative analysis psyche human And animals.
14. Manifestation of consciousness in behavior, mental processes, properties and states of a person.
15. Manifestation unconscious V behavior, mental processes, properties and states of a person.
16. Psychological theories of attention T. Ribot, D.N. Uznadze, P.Ya. Galperin.
17. Development attention.

18. Individual differences memory at people.
19. Paths, techniques And means improvements memory human.

Intermediate certification students is carried out V form credit using the following assessment materials:

Exam questions
(1 semester, full-time form)

1. Item And tasks psychology How science.
2. Structure psychological knowledge.
3. Classification methods.
4. Performance about sensations.
5. Main properties sensations.
6. Types of sensations.
7. Performance about perception.
8. Main properties perception.
9. Types perceptions.
10. Definition concepts attention.
11. Properties attention.
12. Types of attention.
13. Definition concepts memory processes .
14. Types of memory.
15. The concept of imagination.
16. Types of imagination.
17. Concept O thinking.
18. Logical forms thinking.
19. Logical operations thinking.
20. Types of thinking.
21. Concept about emotions.
22. Classification emotions.
23. General characteristic strong-willed actions.
24. Personality, individual, personality.
25. Concept O temperament.
26. Typologies temperaments.
27. Properties of temperament.
28. Concept O character.
29. Concept about accentuations character. Types accentuations.
30. Capabilities. Types abilities.
31. Concept O activities. Structure activities.

Questions for the test
(2 semester, full-time form)

1. Object, item studies age psychology, theoretical And practical tasks.
2. Structure age psychology, its place V system others sciences.
3. Methods research age psychology.
4. Age How key concept age psychology, types ages.
5. Psychological age, its structure.
6. Concept O crisis And stable ages.
7. Concept "development", options development.
8. Factors, moving forces, levels mental development.
9. Psychoanalytic theory development personalities child Z. Freud.
10. Theory psychosocial development personalities E. Erickson.

11. Cultural and historical theory development psyche child L.S. Vygotsky.
12. Periodization mental development V domestic psychology of D.B. Elkonin.
13. Newborn How crisis period development.
14. Infant age How stable period development.
15. Crisis one years.
16. Early age: social situation development, leading activity, main psychological neoplasms.
17. Crisis three years.
18. Preschool period development: social situation development, leading activity, basic psychological neoplasms.
19. Crisis seven years.
20. Psychological readiness child To training V school.
21. Peculiarities adaptations child To school, her violations.
22. Younger school age: social situation development, leading activity, basic psychological neoplasms.
23. Teenage age: social situation development.
24. Presenter activity V teenage age.
25. Educational development V teenage age.
26. Development personalities V teenage age.
27. Peculiarities communication teenagers with adults and peers.
28. Main psychological neoplasms V teenage age.
29. Youthful age: social situation development, leading activity, basic psychological neoplasms.
30. General characteristic psychology human mature age.

Questions for the test (3 semester, full-time form)

1. Item And tasks social psychology.
2. Methods social psychology.
3. Concept O socio-psychological phenomenon. Types socio-psychological phenomena.
4. Interpersonal relationship. Signs And types interpersonal relationships.
5. Concept, types, reasons, structure, functions conflict.
6. Interpersonal conflict, his peculiarities. Methods permissions conflicts.
7. Concept communication. Content, goals communication. Structure And functions communication.
